	J73407	RIM CYLINDER POLISHED BRASS CLAM PACKED	

Master Keyed or Suited Cylinders.

This allows one key to open all cylinder (the Master Key), however each cylinder key will only operate its cylinder. Ideal to arrange security in Schools, offices and for Landlords.

Keyed to PASS or Keyed Alike.

Cylinders are all made to PASS each other. Therefore, all keys will open all cylinders. Suitable for basic control of offices where simplicity and convenience is required.
